FNP system

FNP number : 1103

Index FNP : S003

Last publication : 2024/08/28

State : PUBLISHED

Supplier : PPG

Total thickness : 140 µm

public comment EN : Aug. 01st, 2023 : First publication of the system. The bi-component products "CENTREPOX PZ NF" and "CENTRIFUGON EAP NF" are renamed "CENTREPOX PZ EVO" and "CENTRIFUGON EAP EVO" following solvent reformulation of the base (hardeners are not reformulated but commercial trade name also changed to avoid confusion). The DI/TEGG note ref. réf. D309522042727 [A] and D309522042688 [A] participate in qualification maintaining of all the FNP systems concerned. FNP1103 system succeeds to the FNP1051 system, on the same codifications with the products of the "EVO" segment. It should be noted that tests were also supported by EDF on the FNP1103 to argue the non-regression of the reformulated system

Utilities type : PARC NUCLEAIRE
